### Corporate Overview

Comptech Associates Inc. is an 8(a) SBA certified, women and minority owned IT services company backed by 18 years of expertise. We focus on Artificial Intelligence, Digital Process Automation (DPA), Big Data Analytics, and Cloud Transformation, helping organizations harness the power of emerging technologies.

We are proud to be certified partners with Databricks, PEGA, ServiceNow, Salesforce, Appian, and Microsoft, delivering value through consulting, solutioning, and professional services to commercial, federal, and state clients. Our goal is to combine deep technical expertise with practical solutions that drive measurable business outcomes.

### Key Business Areas

#### Digital Automation & Process Optimization

- Robotic Process Automation (RPA) and workflow digitization
- Business Process Management (BPM) and process re-engineering
- AI-driven decision support and low-code platforms
